

May 2011

My husband has Alzheimers, but many of his friends at Ardent Manor have other disabilities that make them unable to be at home alone. Helen & Ardent Manor Staff has a wonderful way of weaving all their talents and interests to make everyone happy and feel needed.

I cannot express the wonderful feeling of relief I feel when I leave my husband at Ardent Manor. He is so happy and expresses this in many ways. When I pick him up in the evening he is singing and humming and wants to go back to see his friends after dinner.

We have been going to Ardent Manor for almost 2 years and I would have not survived if it were not for Helen & Ardent Manor Staff.

Grace Y.
